Dear Mr Crump,

**Support these developments and create jobs**

The new development will bring employment for all the building trades – bricklayers, roofers, tilers, carpenters and joiners, plasterers, painters and decorators, metal workers, architects, site management, drivers, mechanical plant operators, labourers, plumbers, electricians, glazers, pipework specialists, tarmac layers, gardeners, tree specialists etc.

In coming to the decision about these developments please bear in mind that the tradesmen living in Torbay need work.

Yours in anticipation,
